<p>1. Attached find AECASSOWARY/29's final debriefing report on DS-960 which was submitted 21 December, but unfortunately could not make the 22 December pouch.</p> <p>2. The first 6 pages of the debriefing present further comments by DS-960 on various anti-Communist writings in Ukrainian which AECASSOWARY/29 had loaned him to read. Pages 7 to 10 contain some PI, including a tidbit on missile schools in the USSR, a rumor on Marshal ZHUKOV and other items of possible dissemination interest. While realizing that many items on Ukrainian nationalism have already been disseminated to ODACID, we would venture to point out that virtually all ODACID and ODEARL officers serving in Moscow with whom the writer has spoken in Washington, Finland and Belgium have known virtually nothing about the nationality problem. Since the turnover of ODACID officers serving in Moscow is even more rapid than at other large ODACID posts, further intelligence disseminations on this subject would probably not be an unwarranted repetition of previously disseminated information.</p> <p>3. Pages 11 and 12 contain PI on a serious natural gas mishap in Kozarno rayon. If confirmed, such information should have KEGACE use. The last 2 pages of the debriefing were summarized in BRUS 5331 as AECASSOWARY/29's "pre-final" assessment of DS-960.</p> <p>4. Since DS-960 has tended to be comparatively sulky and unresponsive to most of his handlers, the writer intends to ask AECASSOWARY/29 to write a letter to the Chief of ABEREHEIVE with a sterile description of DS-960's reactions to various phenomena in Germany. Such a letter should help ABEREHEIVE handle DS-960 more effectively. We are sure that [ ] will also have some comments of value along this line. As an example of the type of data we would like AECASSOWARY/29 to include in the letter, we cite the following: DS-960 is inordinately fond of movies; when given the choice between an adventure story of the "Count of Monte Cristo" type or "Rose Tattoo", he chose the latter; after seeing "Rose Tattoo" he criticized the film harshly because it showed no social problems with broad application, it dealt with the petty personal problems of individuals "which are not of interest to people in the Ukraine" and it lacked any didactic or moral lesson. This is just one example of the doctrinaire, incorrect, snap judgments of this man.</p> <p>5. According to AECASSOWARY/29, DS-960 will not be at all surprised or find it illogical that his ABEREHEIVE handler in New York knows all the details of his talks with AECASSOWARY/29. It is important, however, that ABEREHEIVE personnel do not indicate a detailed knowledge of his ODYCKE handling in Germany, simply because DS-960 claims to believe that ABEREHEIVE is merely a tool of ODYCKE.</p> <p>29 December 1961</p> <p>Distribution: 3 - CR w/att 2 - AE w/att 2 - [ ] w/att</p> <p>Attachment: AECASSOWARY/29 Report</p> <p>DECLASSIFIED AND RELEASED BY CENTRAL INTELLIGENCE AGENCY SOURCES METHOD EXEMPTION 3B2B NAZI WAR CRIMES DISCLOSURE ACT DATE 2007</p>
